DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission

Puget Sound Energy, Inc.

Docket No. CP16-155-000

NOTICE OF REQUEST UNDER BLANKET AUTHORIZATION

Take notice that on April 13, 2016, Puget Sound Energy, Inc. (Puget), 10885 NE 4th Street, Bellevue, Washington 98004, filed in Docket No. CP16-155-000 a prior notice request pursuant to sections 157.205 and 157.216 of the Commission's regulations under the Natural Gas Act (NGA) as amended, requesting authorization to plug and abandon fifteen wells and associated surface appurtenances at its Jackson Prairie Storage Facility (Jackson Prairie) in Lewis County, Washington. Puget states that the wells proposed for abandonment are not currently used for injection/withdrawal and the potential for internal and external corrosion exists. Puget asserts that abandoning these facilities will reduce the costs associated with ongoing maintenance and remediation, while improving the overall integrity of the storage facility. Puget states that the proposed abandonment will have no effect on Jackson Prairie's certificated parameters and no adverse impact on Puget's storage service. Puget estimates the cost of the Project to be approximately \$15,461,000, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

The filing

of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.
